Or mail in the form below.

CEUs: This workshop has been submitted to the state for CEUs.

Cost: Free. Space is limited.

Contact: Allison Perch, perch@sog.unc.edu

Partners:

This workshop will help ensure the financial stability of your water system while providing safe, quality drinking water at fair rates. Topics include all aspects of financial management and planning of a water system fund including rates and rate setting, controlling costs, planning for capital expenses, accessing external funding, tracking and benchmarking financial performance, and other Enterprise Fund issues that small water systems face.

You will learn how to:

1. Assess and monitor financial performance
2. Design appropriate rate structures and set fair rates that cover costs
3. Plan to fund future capital costs
4. Locate external funding sources (loans and grants)

This workshop is designed for local government drinking water system managers, clerks, treasurers, elected officials, and others who budget and/or set rates.

Trainer: Glenn Barnes

Associate Director
Environmental Finance Center at
The University of North Carolina
at Chapel Hill

About the Program: The Smart Management for Small Water Systems program is administered by the Environmental Finance Center Network (EFCN), a university-based organization creating innovative solutions to the difficult how-to-pay issues of environmental protection and improvement. The program is brought to you in collaboration with the American Water Works Association (AWWA) and affiliated sections.
